

# TRAVEL INFORMATION 2025

Dear participant,

Thank you for traveling with us!

Here is some practical information about the JUMP Travel trips.

## Where do we meet?

Whether you have arranged your own tickets, or possibly booked the tickets through us or Polyplan, the start and end of the trip and where we meet each other is in principle always at the airport upon arrival of the flight we have chosen. A list of the flight times that we will be using this year can be found below with the relevant trip.

It is possible that you are already in Greece and that you would prefer to join the group later elsewhere, then that can of course also be arranged in consultation. The trip also ends two hours before departure of the flight and airport we have chosen. Here too, if you want to arrange this differently, then that can be arranged in consultation.

## With all our trips are:

### Included:

- Transfers to and from the airport at the travel location.
- All transportation during the tour in a comfortable minibus or car.
- All overnight stays based on a double room in the most beautiful hotels.
- All extensive meals according to local tradition, including drinks.
- All entrance and transportation tickets for activities offered during the trip.
- Photography tours: Personal supervision of our professional photographer

### Excluded:
